Transparency Policy

SRI is committed to being ethically transparent in all aspects of our operation/business. We support a voluntary, full disclosure policy and provide ongoing open access and communication to internal and external audiences on important organizational information. This includes our purpose, goals, governance structure, environmental impacts, and our involvement in social, political, and environmental causes.

These aspects of business are presented to all staff by the Executive Team on a quarterly basis. Furthermore, SRI encourages any employee with suggestions or concerns to share these thoughts with management to promote a feeling of openness from not only the top down but also the bottom up.

SRI complies with all legislated reporting requirements.
